## PREFACE TO PRISONER LETTERS . . .

The letters attached below are a selection from the over 600 letters we have received since we began providing books to prisoners with our first contact in August of 2009 with Casey Myers, who was subsequently killed in prison in a knife attack in 2012 by a gang to whom he refused to show obeisance. We mention Casey because he was a superb student of Theosophy who labored to spread the Teachings to his fellow inmates. His work contributed to the spread of awareness of Theosophy to many of the 108 Units of the Texas Department of Criminal Justice prison system, as well as prisons in North and South Carolina, Florida and Missouri.

In each and every inquiry we receive from prisoners, we send the books requested or we send a letter asking for clarification about the books being requested (many times the information spread among the inmates is not accurate or clear). To facilitate clearer communication, we created a TT Books List, a half-sheet, 5.5x8.5 list that contains our contact information and the 19 books we have published and provide to prisoners. We send these book lists with every letter or package so that inmates can pass along correct information to other inmates. These little book lists have found their way far beyond the original McConnell Unit in Beeville, TX where Casey was incarcerated, to other parts of the TDCJ and other Southern states.

About these prisoner's letters . . . We have reproduced enough of the letters we receive every week to give the reader a taste of the kinds of concerns these inmates have. They are all indigent but genuinely grateful for the books they receive. Some of the writers are well educated and have good writing skills, some not. Most are very polite; some are brusque; some are demanding; and some appear to be disrespectful, considering they are asking for free books. There are even a few letters that strike the reader as another con job, probably not different in kind from the kinds of strategies they exercise to get what they want in prison. But, we do not judge anyone's worthiness to receive our books, which now includes the four volumes of *The Secret Doctrine*, Vols. I and II, and *Isis Unveiled*, Vols. I and II.

We allow each inmate to request 2 books of their choosing at each mailing, with a maximum of 6 books per year. Our policy is to send the books requested to any prisoner who requests them. The reader will notice that many of the inmate's letters refer to Theosophy Trust as the Theosophical Society, Theosophical Trust, etc. There is, as noted, quite a lot of fuzzy information as to who Theosophy Trust is and what we offer. Theosophy Trust created an adjunct office, Theosophy Trust Books, to handle all of the publishing work. The inmates may be forgiven if they seem to think that Theosophy Trust/TT Books is a "company" with a "staff" rather than simply the work of one person trying to spread the Teachings. No matter; the inmates get their books, and they are quite happy about it.

In addition to requests for books, we also get another group of letters each week that are just "correspondence", as we tell every inmate to feel free to write back to us with their observations or thoughts on what they have read. Many inmates do write back. Much of this correspondence is quite astounding . . . not to mention delightful. Despite the fact that they are now in prison - for a variety of reasons, but most often for drug-related offenses - these men are not unlike most of us; old souls seeking that "spiritual knowledge that springeth up spontaneously from within", in the words of the *Bhagavad-Gita*.

Another important project begun and completed in 2015 was in response to the many requests we received from our prison inmates for a complete course or book on Theosophy that would explain the entire system of Theosophical thought. Looking around at the vast literature of the theosophical movement, there was no one volume that would satisfy the need behind these requests. The only work that came close was Mr. Judge's *The Ocean of Theosophy*, a splendid work from the 19th Century Cycle, but which needed to be augmented with other writings to be most useful to the incarcerated, as they have no internet access and cannot extend their researches beyond what they have in hand.

Surveying the books on Theosophy on Amazon.com and other online resources convinced us that there was a glaring lack in the available publications; there were many authors who published their own thoughts and interpretations of these sacred Teachings, but no one had put together a compendium of the most relevant selections and articles from the accredited Founders of the Movement and those who labored after their passing to maintain the purity of the original teachings and the impulse behind them.

So, TT.ORG moved to fill this void by publishing *THEOSOPHY ~ The Wisdom Religion*. The idea behind this book was to provide a single volume that would draw from a multiplicity of sources of the Theosophical Movement and introduce the reader (whether incarcerated or not) to a very complex universe of thought, one that seems to many - justifiably or not - to be intimidating if not forbidding because of its rich vocabulary and unusual ideas. Whether the book achieves that goal is for the reader to decide. More information on *THEOSOPHY ~ The Wisdom Religion* can be found on the Books page at Theosophy Trust.org.

Donations to support this work of providing prisoners with theosophical books will be gratefully accepted. Please visit our secure DONATIONS page.

UPDATED PREFACE . . .

Over the past year, we have been receiving numerous letters from inmates in Texas and Florida enquiring about "the Path" - what it is, how one finds it, what are the requirements for treading it? In response, Theosophy Trust has been sending copies of *The Voice of the Silence*, where that subject is treated in poetic, mystical language. However, we did not have a fuller, comprehensive treatment of the subject available in one book we could send that would answer the questions posed by these enquirers.

The subject of the Path is treated extensively in *The Bhagavad-Gita* and *Notes on the Bhagavad-Gita*, and further receives an unambiguous and comprehensive treatment in HERMES.

Therefore, Theosophy Trust recently published a single volume containing *The Bhagavad-Gita* by William Q. Judge, along with Judge and Crosbie's *Notes on the Bhagavad-Gita*, and a superb essay entitled *Gita Yoga* by Raghavan Iyer, drawn from articles published in HERMES magazine in 1984, specifically to address the needs of the prison population who has been interested in this subject. This new work will be sent to all who make real and sincere enquiries about this sacred subject.

## Theosophy Trust Books:

Thank you for generously providing the Texts you offer to those who enquire to Theosophy. Our gratitude is without limit. Thanks to the texts you provide, we are able to understand more abundantly the natural laws that govern the evolution of nature and man. I believe that I am ready to understand the deeper things. So the contents of this letter will contain the essay that is a prerequisite to receiving an advanced text. There are actually two advanced texts I would like to receive. The first one is ~~the~~ "The Secret Doctrine" by H.P. Blavatsky. The next would be up to you to make from these two "The Origins of Self-Consciousness in The Secret Doctrine" and "Evolution and Intelligent Design in The Secret Doctrine" both by H.P. Blavatsky. Choose whichever you believe would more appropriate to read first. In the essay I will be using W. Judge's "The Ocean of Theosophy" as my reference with Knowledge and Quotes. The sentences in quotation are sentences I took from his Text. I hope this is acceptable. Once more thank you for everything you do for us enquirers.

Sincerely and Peacefully

Austin Marshall

D. Marshall

P.S. If I am unable to receive two Advanced Text at the same time Then could you send me "The Bhagavad-Gita, Notes, and Gita Yoga." By William Q Judge. Thank you. Or if the essay doesn't meet the standard to receive an advanced text at all, "The Dawning of Wisdom" by Raghavan Iyer would be my second choice in Basic Texts. Thank you

## Essay on Theosophical Philosophy and Laws

Theosophy is ~~not~~ pure and eternal knowledge. It is wisdom about the eternal, limitless God that is all, and in all. It is religion of religions and Science of Sciences, embracing both Religion and Science. "It is not a belief or dogma formulated or invented by man, but is a knowledge of laws which govern the evolution of the physical, astral, psychical, and intellectual constituents of nature and of man." Through Theosophy we can understand the laws of Karma, reincarnation, and cycles, the supplementary Constitution of man, ~~and~~ the states after death, and so much more. Theosophy tells us that "Karma is the law of ethical causation, justice, reward and punishment; the cause for birth and rebirth, yet equally the means for escape from incarnation." "It is the effect flowing from cause, action and reaction, exact result for every thought and act." "No act is performed without a thought at its root either at the time of performance or as leading to it." There's much more to learn from Karma, like how it "unerringly restores all disturbances to equilibrium." Now how are we to stay within the equilibrium. By knowing the ethical code within us and following it. The code is part of our nature and when we resist this nature we disturb the equilibrium. There are different ways of discovering this code and each path is unique. It helps to know the final purpose for man in discovering this code. "The final purpose for man the immortal thinker is all for the experience and emancipation of the soul, for the purpose of raising the entire mass of manifested matter up to the stature, nature, and dignity of conscious god-hood." In order to reach this purpose we live ~~in~~ through the cycles of reincarnation which itself is closely connected with Karma. The cycle of reincarnation can be explained like this, "When the separation is complete between the body that has died, the astral body, and the passions and desires, the higher triad, Manas, Buddhi, and Atma, who are the real man."

immediately go into another state, and when that state, Devachan, is over  
they are attached back to earth." know knowing what reincarnation is more  
truths make an appearance. One would be that there are different states  
we experience before being reborn, Another <sup>is that</sup> ~~would~~ be our soul consist of  
more than the Body, Mind, and Spirit; that I was at least brought up to  
know. In fact our Constitution is Septenary. Theosophy presents the Constitution  
of man as septenary with their classification as: 1. The Body (Rupa), 2. Vitality  
(Prana-Jiva), 3. Astral Body (Linga-Sarira), & 4. Animal Soul (Kama-Rupa), 5. Human  
Soul (Manas), 6. Spiritual Soul (Buddhi), 7. Spirit (Atma). "This classification  
stands to this day for all practical purposes, but it is capable of modification  
and extension." The last three listed are that of the real man, The  
trinity. The trinity are the three that follow in through with  
reincarnation while the other 4 dissolve away after the physical body  
take the final breath. Rupa and Prana-Jiva disintegrate with the  
~~physical~~ visible body. Linga-Sarira and Kama-Rupa dissolve in the plane  
of Kama loka. Manas, Buddhi, and Atma dwells in Devachan  
where it is waiting for Karmas dues to bring to return them to earth.  
All of these are the laws of this world. You can find the truth of  
these laws by looking in your self. Through out the Theosophical Society  
there are men who discovered these truths and provided them for us  
to give us grounds and that assist us in our own discovery of those truths.  
we need to use the grounds to give us the enlightenment we need to  
fulfill our purpose doing so will lead you a life full of happiness.

Dear Mr. Powers

I want to thank you for the books you sent Wisdom in Acting and Ocean of Philosophy, those books are now apart of My Bible, the thing I love about philosophy is that there's nothing that I disagree with. I believe 100% in things like Karma and Reincarnation. The more I learn the more questions I have, like, if "The All" is the first Cause that kicks off the cycle then everything that evolves after is nothing but effects of the first cause, like a domino effect? does that leave us with any free will to make our own causes? or perhaps there's a way to break free from the effects of the first cause and become "unplugged" if you will, from A matrix of illusion. Or maybe "The All" doesn't really know All there is, only up until the present moment of this Manvantara? perhaps that is why I exist as Michael Corrales on Earth 2018 for a unique experience, similar, but like no other, to discover who I truly am. And until I know exactly who I am why I'm here, where I came from, the All will not know who he is as Michael Corrales. Perhaps "The All" has manifested and dispersed itself into all those beings because it wants to know who he is, Because I am him? and when I find out who I truly am or what I truly am so will "The All" in that form. Have you read The Holy Science By Sri Yukteswar? He states that we are not in a Kali Yuga but the Dwapara Yuga and have been here for 318 years. His evidence is convincing that the ancients made a mistake. Anyways I've been training to become a Yogi. Every day little by little I feel my self changing, Remembering, Becoming. Something inside me has been Awakened now for 2 years. I've been reading these books and meditating I'm starting to feel things, vibrations, and more paranormal incidents that have happened in the past 2 years that have happened my whole life. Of course the next books I wish to order from you are H.P. Blavatsky's —

The Secret Doctrine I and II I've been wanting to read those books since I heard about them over a year ago. I would be very greatful to receive such a gift. I thank you for your time I have so many ideas and thoughts on theosophy its all I want to talk about. I've been trying to get other inmates interested but most of them are so plugged in to the materialistic world or blinded by Blind Faith it's like talking to a child. I'm currently on 24 hour lock down (CM) but we try to pass books amongst our cells and I've given your address to a few guys who seemed to be on "The Path". I feel very fortunate to have come across your address and I'll look forward to receiving my order. Thank you so much!!!

Hello Mr. Powers

I wish to thank you for your letter & your feedback. Also the books you've sent me. They are extremely helpful upon this path that I am on. It is very true as you say that the Absolute has no gender. Nor can it be classified in any discernable way, given the limitation of speech & understanding. Conjecture has no grasp upon Its Grandeur & Emanesence. For in Its Absolutism, It surpasses all in its ability to be understood. Yet, do I recognize that this Absolute Unity by which all Existence is one. It Prevades all, Pure's Infinit, It illuminates all in its Radiant Splendor. This Ultimate Reality can be Realized with a preception & awareness acquired through the practice of Meditation. By the attainment of liberation & enlightenment it may be experienced to its fullest extent by any human being.

This Reality, this preception, this consciousness, do I desire, No longer to wish to be encumbered by the low, but having arisen unto the highest human potential, I may be better able to help humanity in whatever degree I am allowed to reach higher goals & abilities... Ultimately I wish to merge with the Absolute Truth, Reality- Brahman... A glimmer of Its light seems I have been imparted. Still yet, it is only a vapor from this fathomless Ocean that this glimmer represents. This awareness of Its light comes & goes. I remember Its taste. Desires for more do I remain. I seek to immerse myself completely within Oneness. Yet I am conscious of the fact that all shall be given upon its proper time & place...

On the Other side of this page is written certain insight that I've received... I write them to you in order to further explain where I am at & to seek help on how to further progress...

The Continuity of the Eternal Ever-Present. Its Effulgence pervades all in Its Singularity. Who can know It if not by Its Light? Illumined eyes purified, within the Oceans of Its Knowledge, have come to realize Its Embrace. It dwells within the hearts of all. It is all in all. It is that which is ever hidden, imperceptible by those blinded by material existence. Yet, those precious whose vision has turned towards the Truth. A voice ever calls from the past. Only those remember whom have felt the separation. Originating only from our beginning. Ever are we held in this state of our returning. Upon this journeys end can we remember our Origin?

There, within our being, within our hearts, within our souls, within the void, dwelt the Eternal, the Absolute, Ever Vigilant, Omnipresent, Omniscent, does Its Omnipotence manifest Itself. The heart encapsulates, it ever holds the Throne of The One, Its Glory is grander never diminish. It is ever evident upon its Surface. Yet, who can know It but those whom seek? For truly It pervades all in Its all Encompassing Effulgence. Grasped It is not, yet It grasps all things. Conveyed It is not, yet It conveys all things. Comprehended It is not, yet known It is by those whom have realized. All in all ever does It dwell with us, within us, everywhere. Inwardly does It see, Outwardly does It manifest, Yet only the pure can realize Its Holiness...

This is all. I have written much, yet I know this does no justice to true realization. This is only some insight that I have gained through study... How may I keep this as my constant companion, as my constant awareness? How may I also become purified?

These are very important questions for me. Please guide me unto its solution... I thank You.

There is also another question I wish to ask. There is an evil individual here whom practices, perhaps a type of magic or telepathy. How may I protect myself from these evil influences? For I see them manifest in my dreams. Also It seems spirits have attached themselves to him... They help him... I have seen them...

This has been going on for a few months now. I almost have to fight & struggle mentally in order to keep this evil influence at a distance, we don't speak, yet we both know words unspoken. I strive towards Light & Truth, he strives towards Evil & Perversion, I can see it. It is not the outward that I see, it is the inward.

You are the only one that I can ask about this for I don't know any one else who can help me in this situation. I thank you for any help you can provide. I have also one more request. I wish to ask for "The Secret Doctrine" - Volume I & Volume II from your advance section. I thank you once more for your help.

"Free from passion, fear, & anger  
absorbed in Me, taking refuge in Me,  
& purified by the fire of knowledge  
many have become one with My Being."

"In whatsoever way man approach  
Me even so do I reward them; for it is  
My path, O Partha, that man follow in  
all things" — The Bhagavad Gita —

Dear Theosophy Trust Books,

Greetings from yours truly, John Grimes, yes that's me. First I'd like to say Thank You very much, the two books that you sent me were <sup>3</sup> and still are very thought provoking. The Ocean of Theosophy <sup>3</sup>, Wisdom in Action <sup>3</sup>. I am really doing my best on this Spiritual Walk of mine. I am a Truth Seeker At Heart. I really desire a relationship with The Living Cosmos! So I appreciate all who are Light Bearers. Theosophy is very impressive in its expression of The Infinite. Beautiful! Profound! Those books were a major influence, in seeing how the Truth is expressed in different cultures. Honestly I'm not to great of a writer or speller. If a person talks to me I may come off as Smart or intelligent, yet I don't consider myself to be. I really want to do my best to apply this wisdom in my life. I want to be Free from my lower nature and all the pain <sup>3</sup> suffering it causes from being bound by desire<sup>3</sup> attachment. God Knows I've had enough pain <sup>3</sup> suffering in my life, and I do a lot of praying because I need all the help<sup>3</sup> guidance I can get. I can see the Divine Spirit in The Spirituality All around The world from The Egyptians, The Jews who preserved the learning from Egypt hidden in their scriptures, (some of it anyway) The Hindus' Brahma who represents the Universe and the Worlds. To me its all the same in Essence. Here is quick proof<sup>3</sup> The Day of Brahma is said to last 1000 years, and his Night is of equal length. In the Christian Bible is a verse saying that one day is as 1000 years to the Lord and 1000 years as one day. I can't ignore the resemblance. Same in Essence. The Divine Spirit that we live in, move <sup>3</sup> have our Being in must has revealed Itself to Itself all over the Earth. I do believe that the Supreme Divine Spirit

overshadows man & lives deep within man, as our True Self. Yet this True Self is beyond any concept that the thought of man can reach to fully express. I keep praying for more!, More of a Realization of The Living Spirit of the Cosmos & The God within man, ~~Also~~ Also Freedom from Illusion & Fear. I have such a love for The Spirit. Yet sometimes The Spirit seems like Nothing, yet even then it is Everything to me. Let me not vent too much. I am a Cancer Sign, I am very emotional. I'm in a Prison, TDC, Texas Prison very Dark place. But just maybe the darkest place can make the light shine the brightest. I treasure books, they help me thru. I was interested in 'Meditation & Self Study' & Mahatma Ghandi and Buddha's Path to Enlightenment. H.P Blavatsky 'The Voice of Silence', 'The Key to Theosophy' "Secret Doctrine". Yet, what the Good Spirits lead you to send me I promise it will be read & studied. Because I Love Truth. Question: How do you feel about Prayer? Esoteric Prayer? If you can I'd like a response from You Teachers of the Eternal Way. I really appreciate you, For Real. Much Love. If you are interested in writing me I would be happy to exchange letters with you also. Please Write Soon!

May you Be Blessed Eternally in The Ocean of Everlasting Life!

Sincerely,

Dear THEOSOPHY TRUST BOOKS.

My name is John Grimes, I am very interested in the deeper Spiritual Knowledge & Understanding. I have Consciously chosen to seek & find the Truth that sets us free. As a prisoner, Freedom means a lot. Spiritual, Emotional, and Physical Freedom is very important to me. I let my love for The Divine Spirit and my intuition guide me. I find myself in a 'Prison behind Bars', but I also know that the People are in a 'Prison without Bars'. I always could sense it, this prison that is hidden by most people, I could always feel it. So many things in Life seem False to me. Especially 'Religion' & 'Law'. I know inside that The Truth is the Solution. The Truth of who God Is & Who I Really AM.

There is a book called 'The Secret Doctrine' by Madame Blavatsky, I would like to read that book, I heard she went on a Quest for 'Truth'. Sounds Interesting. Yet, I am open-minded and I will accept anything that comes my way for whatever value it is worth, I promise it will be read and well appreciated. Thank You for what you do for True Truth Seekers. I am blessed to have come across this address. Good books are hard to find, so thanks again for what you do. Here is my Address and if you are interested, I love to write and I could use a pen-pal. I'd rather read & write than be pulled by the river of distractions. I try to have Conversations with people, but I find very few "People". Most of these people here are slaves to philosophies that are not ~~based on~~ based on 'reality', they seem very harmful ways of Thinking & they do not merge well with my priorities in Life. Yet, I love loving relationships, they cause a growth Spiritually. I feel the things I've been taught growing up is useless. Knowledge that was nothing but a prison for <sup>my</sup> mind. It only blinded me even more to the 'Prison without Bars'. Now, I see my condition, I must continue to Truly Educate myself in order to Overcome & Free myself. Jesus was right "people are Asleep", dreaming they are awake, even dead thinking they are alive. I 'Trust' that you understand what I mean by these things. I appreciate your aid on my path to Awakening.

I look forward to hearing from you. So write back soon.

Sincerely

with All the

Love from our  
Infinite Creator,

## Theosophy

I have learned that the philosophy of Theosophy is a never ending study. My understanding when it comes to Theosophy is as follows. First of all there is no religion higher than truth which is what I've been looking for all my life. I always knew inside that, the church didn't tell the whole truth. "That's why, I never went." I have learned so much sense, I've been studying that, I really don't know where to begin. I know that everything came from Nothing. Referred as It the beginningless and endless. I have learned that there will be seven races of men with 7 elements. That, Brahma's Day = 2,100,000,000 and a night of Brahma = 2,160,000,000 which equal 4,320,000,000 Solar years. Everything in reality is an illusion or maya in the universe. That we are all feeling Gods going through Reincarnation until we rebecome the God that we are. Part of that is exhausting Karma that we have made in past lives. The Law of Retribution it neither punishes or rewards it is the One Universal Law. Dhyan Chohans are the lords of light. The Lipikas are the recorders of every word and deed they work for Karma. I know that certain times a people like Jesus, Buddha incarnate to assist mankind. They are Mahatmas An Adepts of the →

Highest order. They help mankind through all the evil as well as assist us until the 7<sup>th</sup> root-race when we will all rebecome to God status. At least the ones who are not annihilated from pure evilness. Atma is Spirit, Buddhi is the power of intellects, Manas is mind which make the trinity in man. The Ego is immortal which after every death in lower physical body. Man goes to a state of Devachan where the Ego (Atma-Buddhi) manas become one and rest for a period. Getting a break so to speak of the hell we encounter during earth life. Saying this much after I make it to Adept status I will choose to give up Nirvana to assist mankind that's what I will choose when the time or moment comes. That's what my inner-self wants to do. I could go on and on this is just the basics I have learned while ~~I've been~~ studying Theosophia for almost a year now. I feel I am satisfied with knowing the real reason behind life on this earth. What should take place at the end we will be one religion one tongue like in the beginning. Before everyone separated. It should be a selfless, loving brotherhood in the world. Instead of greed and evil respecting Nature to the fullest. I would like to request Advanced books to further my studies even though it is a continued learning experience that will take many life's to accomplish.

John,

9.20.17

I'd first like to express my gratitude for the gift Theosophy Trust offers to inmates. Mainstream ideologies have become blasé to me, and a few others, and to have a source of relevant, credible, inspiring information such as Theosophy Trust is truly a blessing.

Next, I'd like to request "Meditation & Self Study" by Raghavan Iyer. I've been meditating for some time but only under my own aegis, never in accord w/ certain structures or ideas. What are the Yoga Sutras of Patanjali?

I wish to reserve an option for an advanced text at a later date. As of now, I'm content to practice meditating and deepening my basic understanding of Theosophy.

Again, thank you for the wealth of info provided to prisoners. It is a true light in the darkness.

How is every thing? As of now I have read ,wisdom in Action: Essays on the Spiritual Life, The Ocean of Theosophy , and I have gained a little more understanding of Theosophy. I would like to request The following Books , Theosophy - The wisdom Religion and H. P. Blavatsky , Science, and Philosophy, I would also like to read the , The Secret Doctrine , but don't know if I could fully understand it. I have seen a little or I have read a page or two with Christopher.

I also have a few questions are the chakras any-thing like the Plains of man or do they relate to each other in anyway? Now in the past I have been involved with Witchcraft. So with that said, I was sitting down; and ~~concern~~ a drop of Blood landed on the inside of my left hand out of thin air, but I felt something pull out of my Third eye and then the top of my head like the crown of my head. my question is what does this mean or does it have any meaning. I have stop my black Magic and only try to do good with the powers we gain.

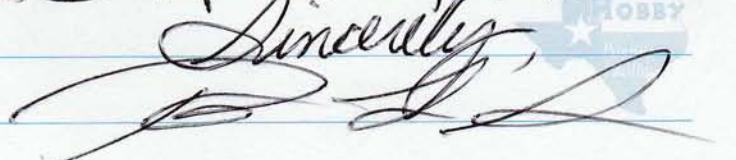

I have been moved units. I'm now at , 15845 FM 164 , Childress , TX 79201 .

John Powers,

I know you have to be a busy person so I'll get to the point. How do I become an official member of the Theosophical Society? 2) What happened to the Secret Doctrines Vol III and IV? I cannot help but notice it is stated that, volume III was complete and IV was almost complete. Are those lost? Or are they a part of the Inner Circle? Very curious about the situation. I will be writing an essay on Theosophy soon so that, I may obtain the advanced books. I study everyday and I'm currently reading Isis Unveiled Vol I right at this moment! It is a good read like you said! I'm sure Volume II will be very good as well. I start 3 College classes this week so between College and the study of Theosophy I will be very busy minded. I try to use this time to educate myself. So far so good. "When they release me. I will have to start all over again. I've lost everything being put in here. I'm not worried I have confidence that I'll be just fine." Thanks for your time. I hope to get answers from you soon.

Sincerely,

## What I have Learned About Theosophy

Dear Mr. Powers,

I think the most profoundest thing I've learned about Theosophy is that it teaches altruism or selfless service to humanity as the path of inner development. Theosophy is divine wisdom or the wisdom that the gods study, as H.P.B would say. It seeks to unite and simultaneously enlighten Mankind as to why we were born? what our purpose is? And, where we go after we die. Theosophy urges the student to study ancient and/or Aryan literature to broaden one's perspective which will eradicate the enemy of unity, i.e. dogma. Theosophy I've learned is the custodian of the esoteric side of all Religions and Philosophies. Theosophy seeks to demonstrate a common divine principle and/or monad in all of humanity. We are all sparks from Parabrahma. Having understood this common origin Theosophy demonstrates that we can evolve through "self induced effort" to reach our future destiny of becoming full blown Dhyani chakras or Lords of meditation. Theosophy teaches that we each are a part of a life wave which evolve on our planetary chain and globes. To evolve our inner monad to higher degrees of divinity / Self Conscious it necessitates reincarnation. Theosophy demonstrates reincarnation is both reasonable and logical. I have learned that Theosophy teaches that mankind consists of Seven Principles. The highest of which is Atma or pure Spirit. Man mirrors the universe in manifestation which consists of Seven planes, Seven Solar logoi, Seven globes to our planetary chain, and etc. Theosophy teaches the existence of Great Soulful ones termed Mahatmas, of whom were H.P.B's teachers. We are not alone, and there is a silent watcher who has guided our evolution throughout eons of time. Theosophy has taught me that I have an ethical and moral responsibility if I wish to hold the illustrious and sacred title, Theosophist. We are agents of the evolutionary urge toward divine unfoldment and evolution.

of humanity. Truly we are conditionally gods. Theosophy offers us a choice, to wait, live egotistically and unite the lower quaternary to the higher triad or live selfishly and become a soulless being, and ultimately a "lost soul." Theosophy concurs with the Buddha when he urged his chelas / disciples to: "Preach, practice, promulgate and illustrate our doctrines." Theosophy taught me that Religion, Philosophy and Science are one, and that they spring from manas' search to understand the universe and its multifarious and multitudinous departments including mankind. Theosophy demonstrated to me that there truly IS no religion higher than truth! And that, truth has cloaked itself in many Religions and Philosophies; hence no Religion can claim a monopoly on truth or claim to be the sole possessor thereof. Such dogmatic assertions is the cause of dissunity among the peoples on the earth today. Theosophy teaches that, a true theosophist is at member of All Religions and no member of one exclusively, as a true theosophist knows they all derive their existence from the Ancient wisdom Tradition. Such is some of the things I've learned from Theosophy. Its been close to 20 years since I began my study of Theosophy, my thirst for more continues. I have also learned that our attraction to Theosophy in this life is due to past life study and striving to "live the life", that will fit us for initiation into god hood. Thus have I learned in summary and far from exhaustive!

Fraternally yours,  
Frater Woodie Lee Thomas

P.S.

I apologize for taking so long to write. I dove head first into the SD and picked up the Key today. totally missed your letter. I am interested in: wisdom in Action and The Dawning of wisdom. Living Theosophy is my goal! Wrote 500 word paper "off of the top!" Sorry if sloppy.

WHAT'S UP, JP?

GREETINGS TO YOU ONCE AGAIN. I CANNOT EXPRESS MY GRATITUDE ENOUGH TO YOU FOR GIVING ME THE OPPORTUNITY TO BROWSE IN THE SOCIETY OF THEOSOPHY. I HAVE TAKEN THE LIBERTY OF READING AND STUDYING THE BOOKS PROVIDED TO ME FROM YOU AND HAVE GRASP THE IDEA OF THE THEORIES/ FOUNDATION OF THEOSOPHY. I HAVE ALSO TAKEN THE LIBERTY OF WRITING THE ESSAY ON WHAT I'VE LEARNED SO FAR AND WOULD LIKE TO RECEIVE THE TWO VOLUMES OF "THE SECRET DOCTRINE" THAT I'VE REQUESTED A COUPLE MONTHS AGO, PLEASE. I LOOK FORWARD IN FURTHERING MY KNOWLEDGE WITHIN THE STUDY OF THEOSOPHY. THANK YOU AGAIN FOR THE OPPORTUNITY, JP.

KIND REGARDS,

IT SHOULD BE A LITTLE OVER 500 WORDS.  
ALSO.

I am incorporated in Texas and had a friend lend me The Ocean of Theosophy, and am extremely excited to find a lot of things explained in me. I never knew what to call my beliefs until I was introduced to Theosophy. My friend gave me the address & current list of books you can offer. I don't have a way to make money (being in Texas doesn't pay minutes) & be able to order books. I would be blessed if I could be sent a few books off of the Trust list.

Any/all of the following would be wonderful!

HP Blavatsky The Key to Theosophy, An Exposition of the Ethics, Science & Philosophy Evolution and Intelligent Design with Secret Doctrine.

The Voice of the Silence

R.N. Iyer The Yoga Sutras of Patanjali  
Meditation and Self-Study

Any or all of these would be a wonderful thing.

Thank you

THEOSOPHY IS THAT OCEAN OF KNOWLEDGE WHICH SPILLS FROM SHORE TO SHORE.

### OCEAN OF THEOSOPHY Pg. 2

THEOSOPHIST TELLS US THAT THEOSOPHY IS THE WISDOM ABOUT GOD FOR THOSE WHO BELIEVE HE IS IN ALL THINGS. THEY ALSO SAY IT IS NOT A BELIEF OR A DOCTRINE INVENTED BY MAN, BUT IS A KNOWLEDGE OF THE LAWS WHICH CONCERN THE EVOLUTION OF THE PHYSICAL, PSYCHICAL AND INTELLECTUAL CONSTITUENTS OF NATURE AND MAN. IT TEACHES THAT WE ARE ONE WITH EACH OTHER, OPERATING IN TUNE WITH EACH OTHER IN A SUBCONSCIOUS STATE OF BEING.

MADAME H.P. BLAVATSKY EXPLAINS TO US THAT DIVINE SUPER-HUMAN KNOWLEDGE CAN BE OBTAINED FROM LIBERATING THE MIND FROM IT'S INFINITE CONSCIOUSNESS AND BECOMING ONE WITH THE INFINITE. IN ORDER TO DO THIS YOU MUST ELEVATE THE MIND.

FASTING AND MEDITATION ARE SOME WAYS IN ACHIEVING THIS POSSIBLE GOAL. THEOSOPHY HAS ALSO BEEN CONSIDERED DIVINE KNOWLEDGE AND TEACHES THAT THIS DIVINE WISDOM IS NOT ASSUMED OR IMAGINED BUT IS COMPILED FROM BEING SEEN AND ACKNOWLEDGED AS A FACT. THEOSOPHY ALSO TEACHES US THAT THE PHYSICAL IS NOT PERMANENT AND THE ONLY THING IN A MAN'S BEING THAT IS PERMANENT IS THE SPIRIT. PHYSICS TELLS US IN THE LAW OF CONSERVATION THAT ENERGY CANNOT BE CREATED OR DESTROYED ONLY TRANSFERRED. THE SPIRIT IS NOTHING MORE THAN A FORM OF ENERGY COMPARED INSIDE A FLESH LIKE VEHICLE THAT CONVEYS IT'S ACTUAL THOUGHTS, ACTIONS, AND FEELINGS. BUT ONCE THAT VEHICLE IS EXHAUSTED AND DECEASES TO EXIST THE ENERGY REMAINS WHOLE BUT DISTSILL BACK TO THE SPIRITUAL POOL ~~REMOVED~~ FROM WHICH IT EMERGED AND TO REPEAT IT'S JOURNEY IN REINCARNATION IN 1,000-1,500 YEARS LATER. IT ALSO ENLIGHTENS US ON THE THEORIES OF KARMA EXPLAINING THAT IN OUR NEW REINCARNATED LIFE WE WILL DEAL WITH THE CONSEQUENCES OR REWARDS FROM THE PREVIOUS ONE. BASICALLY TELLING US TO LIVE

ACCORDING TO YOUR DISCRETION BUT BE AWARE OF YOUR ACTIONS.  
THE TEACHINGS INSIDE OF THESE BOOKS HAVE TOUCHED ON  
NUMEROUS OF KEY POINTS IN LIFE FROM PSYCHIC,  
SPIRITUALISM, AND THE PRINCIPLES OF MANKIND. ANOTHER  
POINT THAT IT HINTS AT IS THE MINDSET OF THOSE WHO CHOOSE  
NOT TO ACCEPT THE FACTS OF TRUTH. TAKE THE ALLEGORY OF  
THE CAVE FOR EXAMPLE. I REALLY ENJOYED THIS ALLEGORY /  
PARABLE BECAUSE IT GAVE ME THE INSIGHT OF THOSE WHO ARE  
LOST AND ARE CONTENT WITH THE LIES THEY WERE TOLD. THIS  
PARABLE BASICALLY EXPLAINS THE FUNCTION OF THE COMPLACENT  
MIND OF THOSE WHO ARE CONTENT WITH WHAT THEY WERE  
LED TO BELIEVE THAT IS THE TRUTH. WHEN SOMETHING ~~IS~~ OR  
SOMEONE SHOWS THEM OTHERWISE AND MORE STRONG INFFECT  
LOGIC AND FACTS TO THEIR THEORY THE CONTENTED PERSON WILL  
CHOOSE TO BELIEVE. TO MOST THIS REACTION IS OUT OF FEAR  
OF CONSEQUENCES AND REPERCUSSIONS, OTHERS OUT OF IGNORANCE.  
FOR EXAMPLE CHRISTIANITY BELIEVES JESUS IS THE LORD AND  
SAVIOR IN THE FLESH, WHILE ISLAM BELIEVES THAT HE WAS  
NOTHING MORE THAN A MERE PROPHET. NEITHER GROUP WILL  
CONSIDER THE OTHERS THEORY BECAUSE A) THEY WISH NOT TO  
GO AGAINST THESE TEACHINGS AND B) OUT OF FEAR OF THE  
JUDGMENT THAT THEIR GOD OR DEITY MIGHT PASS UPON THEM FOR  
DETACHING AWAY FROM THE TEACHINGS. THESE TEACHINGS NOT  
ONLY PROVIDE LOGISTICS AND INRETURABLE FACTS BUT BREAKS  
IT DOWN DOWN TO AN UNDERSTAND DECIMAL. TEACHINGS OF  
THEOSOPHY EXPLAINS TO US HOW TO REACH THE GODHEAD  
ABOVE WITHIN EACH AND EVERY ONE OF US, TO OBTAIN THE  
HIGHEST FORM OF BEING WITHIN THE MIND, BODY AND SPIRIT.  
IN CONCLUSION THIS IS MY ACCUMULATION OF THE IDEAS AND  
EXPLANATIONS ON THE TEACHINGS OF THEOSOPHY.

Greetings JOHN POWERS. It's been a long time since the last  
write to your company BUT I've been enjoy all of the  
material you received. I was told by you to write  
back @ 2 (the time to receive the books that has been  
out of stock, so I'm trying to find out if you all  
have received the full version of "voice of the silence"  
by H.P.B. yet? The paper copy you sent me went  
of left me thinking on for more plus I've just  
went through the annual unit search and lost that  
copy so I was wondering could I receive the real  
thing now if you have it in stock. I've also been  
passing your address along as told by you so you  
should have heard from plenty of people @ this location  
by now. I've even passed some of the books you sent to  
guys I was able to build up a few things out  
of the books in passing. I mean, I didn't really want  
to because I value them BUT I'm also a teacher  
who enlightener of the masses, so those were sacrifices  
I felt were necessary since I didn't have your address  
@ hand like I had the books @ 1 time or another.  
So I guess I should also ask is it too much to  
request all of the books that you have in stock again  
on top of "the voice of the silence"? Well honestly  
I do still have maybe 3 or 4 of the books left BUT  
that may all change by the time you respond (depending  
on who I meet). BUT I promise that I you all  
bliss me up your library this time. I'll be forced  
to be more "selfish" w/ these bc no if you guys  
can't I still appreciate you for the 1st shipment.  
BUT if you would PLEASE send me the voice of the silence  
that's one I've never had. PEACE AND BLESSINGS.

First I'd like to manifest this scroll in the highest degree of understanding, which is love....

Mr. John Powers.

Hello, my friend I have truly been doing intense studying, meditation, noting, and application of the Theosophical Teachings, some say ignorance is bliss, I beg to differ as well as agree, because ignorance when looked into deeper can lead to that source because its nothing but the opposite side of understanding, it leads to error which brings one to greater misunderstanding, but it also can bring one into error if not used carefully without knowing by attaching that reasoning and understanding with the potencies of the lower plane of manifestation. That's why saturn can be the footstool to Godhood or if not applied with a degree of unattachment to the lower self Dugaships, which is also why Habbalost also when speaking on the Tree of life from its dual nature the Kaliyoth call it the concealment of God, it also gave me a greater understanding of why form and forty-nine forces are needed to complete man. Mr. Raghavan Iyer basically gave instruction pertaining to a matter that still lies into this when he said something along the lines Higher Self when trying to show something or the watcher of the movie, the director, actors, and surroundings & yet separate, forgive me if the words are not exact, but I feel when one wrong reasoning and understanding on his path for wisdom, using that mode of intelligence he must understand its not him but a puller to bring him to a greater level of awareness. Its the exact same scenario in Jesus walk when Satan tested him and tried to get him to renounce the Higher Self for the Kingdom of form, it helps me understand where me and many others up and down the ladder of societies abroad has the problem we encounter. On the latter note again my friend let me apologise

Dear Friend.

I am very interested in the Theosophy Trust Books, also in the Theosophy Society.

Thank you and all Self-health Societys, because we need to make a better world we live in.

With out yall so many people would still be without sight, having NO outlet to our true spiritual nature.

Us the people need to come to understand that our Sub-Consciousness, cause and effect the future.

I believe that we are not human beings experiencing spiritual balance, but that we are spiritual beings experiencing human balance.

I think that the real reason why yall give your Book's free of charge to institutions, because to change the negative Consciousness to a positive one.

But how can we come to know warm if there is no cold.

God created us so that he  
could come to know him-self.  
God is everything at once  
past and future so he blessed  
us with the present's.

To day what we do effects  
and reflects the future.

The universe is the breath  
of God and its at the end of  
the exhale. The inhale has come  
to being.

Thank you and I  
would love any literature  
you can provide and ~~and~~ info  
on the closest Theosophy Society.

Trust Books,

I'm writing you for the purpose of books. As I seriously hope that you will place me on your mail-list of your "Theosophy Trust Books" for study. They would be highly appreciated. They mean much to me, when a person are researching for answers through the mysteries of it all... which leads back to its metaphysical beginning from the branch from which it all started from (its) it idea(s) of (philosophy of life), in building ~~at~~ from the great science of them all (God) to man. And with this knowledge, of anthropology, I'm sure to find in essence that teaching, thereof.

To Whom It May Concern,

I am a student of life in search for divine truth about the nature of God. I am 38 yrs old and have been practicing Al-Islam for 20 yrs now but recently I've come across Theosophy and its teachings astounded me. The Holy Mother H.P Blavatsky is brilliant in her breakdown on esoteric knowledge. This is my first letter to you all but I intend to correspond vigorously if finance permits so. I am currently incarcerated but my stay is not long and upon my release my studies will continue. In all honesty someone left me with Secret Doctrine 1+2 which I am currently reading 1. and The Holy Mother speaks so with an introspective view when making references to Isis Unveiled which I am earnestly looking forward to reading. If you have any copies of Isis Unveiled 1+2 would you please send them to me. Truly I am indigent so whatever books you have available to donate to one seeking the life after this life, I would be most gracious for your support. Any courses of study I am also willing to partake in.

In conclusion I appreciate you all looking over this message of sincerity and pray a quick response at the earliest convenience. Continue to build and shape the minds of fallen humanity.

Dear TRUST Books:

I am blessed to say to you what a pleasure it is to have you share this knowledge and insight to the world. I would like to receive and study your service's, and also share this knowledge with others. I would like to tell you, I put a couple of guy's under hypnosis here. And much has been revealed to us, and me as a reporter. I will tell you this between 2005 and 2037 we as a world will undergo a pole shift, that will wipe out, vast amounts of life. Shortly before this pole shift occurs there, deep in space, is a dark cold object, that is quickly, coming into our territory. Once closer, it will release poisons toxins onto Earth, and force billions, and billions, to perish life on the surface of Earth, will not be the same as we know it!! There will be a 2nd shift between 2065 & 2080. And I will reveal to you this... under the surface of the moon, on the dark side, under a catacomb door inside the pyramid there dwells, an ancient city, but this city has long been deserted. Enough for now. My list is below.

1. The origins of self-consciousness in the Secret Doctrine
2. The key To Theosophy - An exposition of the ethics, science, philosophy

EVEN THOUGH I WAS RAISED AND TAUGHT TO PRACTICE

MAKE HIMSELF KNOWN TO US BY WAY OF APPEARANCE  
SO THAT WE CAN PRAISE HIM FOR HIS GLORY IN

① To whom it may concern,

10/17/14

First and foremost I'd like to thank the entire Theosophic Society (both esoteric and exoteric) for its continued efforts to enlighten society. I have been incarcerated for almost three years now, but have spent the majority of it seeking cognition. This personal quest of mine has led me <sup>to</sup> inquire and subsequently study a variety of subjects, but the most notable being that of theosophy.

My family was very religious and I grew up in the Christian church as a youth, but there were always so many questions. These questions were always quickly cast aside as blasphemy, but left unanswered has eaten at me daily. There is ~~obviously~~ obviously a Higher Power of some sort, as is clearly evident in the perfections in our human bodies (not to mention the vast and ever expanding universe), but why then would a Being capable of creating such perfection so often contradict itself throughout its own word (The Bible) or at least in our interpretation of such. Why would He give us complete and free will yet limit us w/ Her ten commandments? Why? Why...? Why...? Why...?

Well, because everything in life happens for a reason, I came across a video during my first year of prison. The video was shown by my institution as part of a voluntary behavior modification class that I signed up for. This video was called, "The Secret". The movie was merely a juvenile introduction to the theosophical concept w/out mention of such, but something about its message rang true deep down in my soul. It was as if truth was a drug administered by this video and I immediately became addicted. I began my search for enlightenment then, having no idea as to what I was searching for. I delved into the research of Free Masonry, which lead me to The Great Pyramids (and all

(2)

a Prodigious

the details of how such ~~enigma~~ enigma was inexplicably built by humans predating even the mathematic formula of pi [3.14] by centuries), Buddhism, Islam, a book called, "The Complete Conversation VI God" by Neale Donald Walsch (which is great for the curious theosophy seeker because most would deem it slightly easier to understand), and finally a group called the S.I. presenters. Despite my extensive search I still didn't have a name for what I was seeking but I had a direction and a concept. I was scheduled to be released last month, but a series of preposterous events led me to ~~Kennedy~~ being forced to serve an extra year in this place. They shipped me to Kennedy, TX and it was here that I was introduced to a book called, "The Key to Theosophy" by H.P. Blavatsky. Merely coincidence...? Perhaps, but upon finally being able to put a name to this concept that I've been seeking, I ~~am~~ <sup>was</sup> ecstatic. Now I must continue to feed my new found "addiction", but for that I will need some assistance.

This is where ~~Messengers~~ you guys come in! The same brother that was kind enough to introduce me to Theosophy, also gave me this address to write and request more information. Below is a list of books that I'd like to request and my return address. After all this time, there is a group that is part philosophical and part religious and not based solely on speculation. Thanks in advance for your help. Any and all information is graciously welcomed.

Dear Enlightened Theosophist,

Greetings! My Name is Alan J. Calhoun EL. I am 22 years in the flesh. Currently Serving a 5 year sentence in Prison. Since I've been incarcerated I have began to Study Myself and Reflect on the World God, Life, etc. I came upon the Secret Doctrine by Madam H.P. Blavatsky and it opened my Eyes. All This I was able to Understand and Exspound on Her Great Teachings because it Coincides with the Teachings I was given from the Moorish Science Temple of America, 7 Elohim, Anthropomorphism, etc. I really enjoyed reading it for the short time that I was in Possession of the Book. Unfortunately I only had it for a few weeks before it was lost during a Cell Transfer... That brings me to the reason for this letter. I would like to know if I would be Eligible to receive my own books on Theosophy? I was given this Address by a fellow God-Body, and was told that I could receive some literature for free from your Society. Is this True? If so I am going to Enclose a List of Books that Titles Interested me. Also I would like to be sent Information about any and all Courses that you might have. Titles: The Origin of Self-Consciousness in the Secret Doctrine .. Helen Valberg- Symbols of the Eternal Doctrine .. Elton A. Hall- Teachers of the Eternal Doctrine from Tsong-Ka-Pa to Nostradamus .. Evolution and Intelligent Design in the Secret Doctrine .. And of Course Last but not least I would like

Part 132 of The Secret Doctrine... Even though I have  
made note of Preferences I will be Grateful with Any  
books that you may have Currently Available. I will even  
Accept Used or Damaged Books, Pamphlets, Etc. Please ↴  
Thank-You.

I will be Waiting on your reply.  
I hope this letter finds you in Good Health, Sound  
Body, and a Sound Mind.

Peace & Blessings

Dear Editor,

Thank you for your response regarding my inquiry in to "Courses" of Study in Theosophy.

You were correct in that I had you mixed up with the Theosophical Society. I have since contacted them and began on a road to enlightenment.

I was delighted to learn that your kind company is willing to provide books to indigent persons such as myself. Being incarcerated makes getting books that of a type you publish very difficult to acquire.

In the last letter you sent you enclosed a list of books available to prisoners. On it was (The Secret Doctrine Vol 1+2) I am very interested in these books and would ask if you could send them to me? Being indigent I am sorry to say I can't help with postage so will understand if this is not possible. Having an open mind and soul I would be greatly thankful of any information you could send me. One book on your list I can proudly say I have in my presence is "Meditation and Self-Study" by R.N. Iyer It has had a profound impact on my own well being and brought so much focus to my life.

Thank you for your time and consideration

Sincerely  
P. Miller

FROM YOU ALL. SO OF COURSE,  
HE PASSED THAT AS WELL AS  
4 BOOKS THAT HE CONSIDERS  
GREAT TO BEGIN MY  
THEOSOPHICAL STUDIES.  
W/T THAT SAID I'D LIKE TO  
REQUEST THESE FOUR BOOKS.

I would also like to request any other information that could be resourceful to me, and a convenience to me while in prison, along with anything you personally could help me gain proper education.

Thank you for your time, hard ~~effort~~<sup>effort</sup> and devoted work. Please respond and let me know what type of books or stuff you can offer me through your services. Be safe take care and May blessings be countless upon you.

Hi,

Mr Powers, Wow I just finished reading, Letters that have helped me by W.Q. Judge. I love this book so much I had to send this book to a friend to read. I wanted to tell you about a little experience I had about 2 weeks ago. I was sitting on a bench by myself with 'Letters that have helped me' in my lap just being quiet having a moment to myself. Well where I was sitting on this bench is in the middle of the day room where everyone on the cell block plays dominos, chess, watch football on TV, or just socialize and goof off. It's a pretty chaotic mix of noises and voices. Now I don't really know how to explain it but all at once all the noises and voices seemed to be at a slight distance from me but I could still hear everything but now I was picking out parts of arguments, conversations, ~~and~~ exclamations word for word just jumping from one to the other. Some of these things were stupid, some insightful, some funny, some sad. And something deep inside me said "all of these statements are you" and then "all of these different people are you, all the thoughts, all the feelings, all the different

personalities, all of it." And it was so peaceful the feeling that I had and I knew that we all come from the One and we are all apart of the One. It was like I wouldn't judge anyone because no matter what I found myself in them, It was amazing, but it was like a drug high because it eventually wore off and I came down off that high and I've been chasing it ever since! I would definitely like to hear from you about this experience and please don't hold back anything. Right now I am currently reading 'Discourse on Metaphysics - Correspondence with Arnauld - Monadology' By Gottfried Wilhelm Leibniz. Have you heard of this book or this author? I would really like to hear from you sir. Thank you for so much that you have done for me.

PS. If possible can you send me copies of-

The Yoga Sutras of Patanjali

Meditation and Self Study

The Origins of Self-Consciousness in the Secret Doctrine

Many thanks

Dear Friends

November 12, 2014

I have been a student of occultism for many years. My path has taken me through various labyrinthine philosophies and shadowy forests of indoctrination which ultimately led to a rejection of religion in general. After a rather lengthy focus on the Vedic scriptures and an amazing and life transformational experience in 2007 where I was able to achieve astral projection and the lucid dreaming states of consciousness, I began to search for Helena Petrova Blavatsky's writings in earnest. I was able to obtain 'Cosmogenesis' and 'Anthropogenesis' volumes of the Secret Doctrine, but was dispossessed of those masterworks by an ignorant prison administration before I could assimilate them.

However, I have recently learned of your organization and your offer to provide Theosophical materials to true seekers of the Way. This is a most honorable and praiseworthy objective, I fervently hope to one day make a donation or contribution of some kind to your cause as I believe that esoteric studies should be made available to all who sincerely wish for a positive transformation of mankind.

The titles that I am most interested in receiving are listed as follows:

- "The Voice of The Silence" - H.P. Blavatsky
- "Evolution and Intelligent Design in the Secret Doctrine" H.P. Blavatsky
- "Nostradamus" - Elton A. Hall
- "Teachers of the Eternal Doctrine" - Elton A. Hall
- "The Key to Theosophy" - H.P. Blavatsky

As per institutional policy, I am only allowed to receive up to four soft cover books at any mailing time. I hope this is not an inconvenience for your office. I really appreciate whatever books or information you are able to provide.

Please have a glorious day!

Sincerely yours,  
Brian T. Merrill

I AM CURRENTLY INCARCERATED IN THE TEXAS PRISON SYSTEM AND HAVE COME ACROSS A FEW BOOK AND HAVE BEEN GIVEN THE INFORMATION FOR THEOSOPHY TRUST BOOKS. AT THE TIME, I AM AN INDIGENT OFFENDER AND HAVE BEEN INFORMED FROM OTHER INMATES THAT IF I WAS TO WRITE TO YOU'LL THAT YOU'LL MAY BE ABLE TO DONATE A FEW OF THESE BOOKS TO A PERSON INTERESTED, SUCH AS MYSELF. I WOULD REALLY APPRECIATE IT IF IT WERE POSSIBLE FOR YOU TO SEND ME A FEW OF THESE BOOKS. I KNOW THAT BEGGERS CAN'T BE CHOOSERS BUT I'VE COME A COPY OF "THE ORIGINS OF SELF-CONSCIOUSNESS IN THE SECRET DOCTRINE", "THE SECRET DOCTRINE VOL I + II", AND "EVOLUTION AND INTELLIGENT DESIGN IN THE SECRET DOCTRINE" BY H.P. BLAVATSKY WHICH I WOULD VERY MUCH LIKE TO OBTAIN. I'M ALSO VERY INTERESTED IN RECEIVING A COPY OF "WISDOM IN ACTION. ESSAYS OF THE SPIRITUAL LIFE", "THE DROWNING OF WISDOM: ESSAYS ON WALKING THE PATH", "THE YOGA SUTRAS OF PATAJALI" AND "MEDITATION AND SELF STUDY" BY R.N. IYER, IF POSSIBLE. I REALLY FEEL THAT THESE BOOKS CAN HELP ME UNDERSTAND MYSELF MUCH BETTER IN ORDER TO BECOME ONE WITH SELF AND TAKE HOOD OF MY LIFE. I REALLY HOPE TO GET SOMETHING BACK FROM YOU SOON.

THANK YOU

Dear John,

I appreciate the fact that you responded to my note in a timely fashion and extending an invitation for others such as myself to be able to receive literature and correspond with you all. As I looked over the selection of books you provide, I have made my choice of these four: #1 The Voice of the Silence, #2 Teachers of The Eternal Doctrine: From Tsong-Ka-Pa to Nostradamus, #3 Mahatma Gandhi and Buddha's Path to Enlightenment and #4 Evolution and Intelligent Design in The Secret Doctrine. I will pass along your contact information to those interested in divine wisdom of the wisdom Religion. As I uncover these truths through the books sent to me, I will share my perception and ask the right questions. I am on a journey and it is good to know that I am not alone, but I have made my choice clearly. In the words of Mahatma Gandhi, "You have to be the change you want to see in the world today". With that I leave you with my peace and blessings.

With Gratitude -  
Cris
